### Give Your Children Every Advantage!

Along with teaching your children important subject area material and standards, Brighter Day Performance Leadership Academy will also help develop:

- Independence
- Responsibility
- Self-Discipline
- Accountability
- Social Skills

## Our School Culture

All children learn differently. What works for your child may not work for other children. Here at Global Impact Leadership Academy, we work at the student's pace, allowing students to learn in ways that are best suited for them. Using the latest technology, Global Impact Leadership Academy uses an interactive curriculum with a variety of multimedia tools to deliver a high-quality engaging curriculum. At Global Impact Leadership Academy all students have certified teachers for all their courses available to them Monday- Friday for assistance. All students are assigned a personal counselor to assist them in any area not related to a specific subject. Global Impact Leadership Academy works closely with the student's support system (family, school, tutors) to provide a balanced support team for our students.

## International Dual Diploma Program

Now, your children can earn their US Diploma completely online, from their home while earning their own country diploma at the same time. No matter where you live, you can earn your US Diploma in as little as 6 credits. Imagine earning two diplomas in the same amount of time most students only earn one! Visit us at [www.americanhighschool.org](http://www.americanhighschool.org) to learn more.

We look forward to working with you and helping your children grow.
